

A Prayer for the Weary Parent

Thank you, Jesus that you speak to our children. From the youngest to the oldest, you are guiding them, instructing them and teaching them more about who You are. There is no length that You won't go to show them Your character. Father, pour Your love out on our children today. Cut through any hurts, pains, or failures, and show them Your goodness. Help us as parents to rest in Your ability to take care of our children. Continue to show us how faithful You are...giving us glimpses of Your hand working in their lives. In Jesus' name, Amen
